## 2024 Benefits Reference Guide for New Hires

Make sure you and your family have the benefits you need.

Look for the **Click & Explore** icon throughout this guide to discover more information.

# Take Action

Welcome to DXC! Our benefits program offers a lot of choice for you to create a customized benefits package that is as unique as you! No matter where you are in your career, who you are or what your life is like, we have benefits and resources to help you and your family be well physically, emotionally and financially. Take time to explore your options and consider your needs carefully so you can make the best decisions for the year ahead.

**You must enroll in your benefits for 2024 within 30 days of your date of hire. If you don't enroll, you will not have benefits through DXC for 2024 unless you experience a qualifying life event.**

## Discover DXC Benefits

Visit [myDXCbenefits.com](https://myDXCbenefits.com) to learn about your benefits options and link to the carrier websites and interactive pricing tool. The [New Hire Checklist](#) is a great place to start.

## Enroll Within 30 Days

Log in to the [DXC Benefits Center enrollment portal](#) to find your personalized benefits options and enroll within 30 days of your date of hire. When you log in the first time, you'll need to register as a new user and follow the prompts to set up your username and password.

In the enrollment portal, be sure to use the Help Me Choose decision support tool.

When choosing your benefits, carefully consider enrolling in Long-Term Disability and Supplemental/Dependent Life Insurance. As a new hire, you are automatically enrolled in the Short-Term Disability (STD) option with a 30-day waiting period to ensure you have this valuable income protection. You can switch to the STD option with a seven-day waiting period or waive when you make your new hire benefit elections (see [page 26](#) for details).\*

\* If you enroll in or increase your elected coverage amount for the Supplemental/Dependent Life Insurance and/or Disability benefits during a future annual enrollment period, you must provide evidence of good health—called Evidence of Insurability (EOI)—and your coverage request could be denied by the insurance carrier. If you enroll now, you do not have to provide EOI, and your coverage request is guaranteed.

## If You Don't Take Action

You **will not have** Medical, Dental, Vision, Supplemental/Dependent Life Insurance\* or Long-Term Disability (LTD) coverage\* through DXC or access to the tax-favored accounts—Health Savings Account (HSA) or Flexible Spending Account (FSA)—in 2024. You will only have Basic Life and AD&D Insurance, the STD option with a 30-day waiting period and access to the Employee Assistance Program (EAP) through DXC.

You cannot enroll in or change your benefit elections for the remainder of the plan year unless you have a qualifying life event (e.g., marriage or birth).

# What to Consider

As you prepare to enroll, here are some questions to help you make the best choices for you and your family.

## 1 Are my providers in the carrier's network?

Choose an insurance carrier whose network includes providers (doctors, specialists, hospitals) that can support your care. Seeing out-of-network providers costs you more by having to pay higher billed amounts, a higher deductible and higher coinsurance. Health care providers can leave and join carriers' provider networks at any time.

**TAKE ACTION:** Take time to [explore our carriers](#) and choose the best option for you and your family. Check the provider networks before making a final decision by using the Preferred Provider tool when you enroll on the [DXC Benefits Center enrollment portal](#). Also, always confirm that your providers are in-network when you access care throughout the year.

## 2 What's the best plan for me?

You want to get the right amount of coverage for your needs at the best price. When you enroll on the [DXC Benefits Center enrollment portal](#), you can find resources to help you make the right choices for your needs and cost preferences.

**TAKE ACTION:** Use the Help Me Choose tool, a step within the online enrollment process, to see which plan option might be a good fit for you and your family. When you enroll, you can also compare your options side by side and see how other people rate their health carriers.

## 3 What if I have additional questions?

Review the [New Hire Checklist](#) at [myDXCbenefits.com](http://myDXCbenefits.com). You can also call the DXC Benefits Center at **1.888.305.5499**, 8 a.m. to 5 p.m. EST, Monday through Friday. Representatives are available to help you in English or Spanish (and multiple other languages). You can also ask Sofia, your digital multilingual benefits assistant, questions 24/7.

# Medical and Prescription Drug Coverage

DXC offers you five different medical plans to choose from: Bronze, Bronze Plus, Silver, Gold and Platinum. Each medical plan is available through a variety of national and some regional insurance carriers.

Explore the key features for each medical plan and then compare the pricing from the different insurance carriers available to decide which one is the best option for you and your family.

Features	Bronze	Bronze Plus	Silver	Gold	Platinum
Offers a Health Savings Account (HSA), with a DXC contribution for participating in the <a href="#">Healthy Behaviors Wellness Program</a> .	✓	✓	✓		
Both medical and prescription expenses count toward fulfilling the deductible and out-of-pocket maximum.	✓	✓	✓		
Has an “embedded deductible”—once an individual meets their individual deductible, they pay their coinsurance for medical and prescription expenses.	✓			✓	✓
Expenses for all covered family members count toward one annual family deductible. Once the family deductible is met, the coinsurance for medical and prescription expenses applies for all covered family members.		✓	✓		
Has copays for primary care physician (PCP) visits, specialist visits, urgent care visits and prescription drug expenses. These copays do not count toward meeting your deductible.				✓	✓
Has coinsurance for emergency, inpatient and outpatient care (if not considered an office visit) after meeting your deductible.	✓	✓	✓	✓	✓
Has no cost for preventive care, including certain preventive drugs.	✓	✓	✓	✓	✓

[Learn more](#) about annual deductibles and annual out-of-pocket maximums to make sure you understand how these features work when choosing and using your health plan benefits.

# Medical Plan Coverage: Additional Considerations

## 1 Who needs to be covered under your medical plan?

- Four different coverage levels are available:
  - Employee Only
  - Employee and Spouse
  - Employee and Child(ren)
  - Employee and Family

## 2 How much out-of-pocket expenses can you afford?

- Consider how much you could afford to pay out-of-pocket when you access care.
- If you have the funds to cover your deductible in case of an unexpected illness or injury, then an HDHP option may be a good choice for you.

## 3 Do you require out-of-network coverage?

- Out-of-network charges will not count toward your in-network annual deductible and out-of-pocket maximum.
- The same goes for in-network charges—they will not count toward your out-of-network annual deductible and out-of-pocket maximum.
- Some insurance carriers in certain states do not cover out-of-network expenses. Be sure you carefully review the Summary of Benefits and Coverage (SBC) available in the Reference Center on the [DXC Benefits Center enrollment portal](#).

## 4 Do you have out-of-area dependents?

- Regional plans (including Kaiser) generally do not offer in-network coverage outside the plan's usual coverage area, except for emergency situations.
- You may want to choose a national carrier.
- Call the insurance carrier to confirm your options.

## Medical Plan Coverage: Additional Considerations (continued)

### 5 Do you understand how the deductible works for the plan you are considering?

- Deductibles (and out-of-pocket maximums) work in different ways when you include dependents on your coverage:
  - The Bronze, Gold and Platinum plans have an individual deductible and a “traditional” family deductible. Once a covered family member meets the individual deductible, insurance begins paying benefits for that family member. Once the family deductible is met by any combination of family members, the plan pays benefits for all family members.
  - The Bronze Plus and Silver plans do not have an individual deductible when covering family members. The entire family deductible must be met before your insurance pays benefits for covered family members.
- Learn more about [how deductibles and out-of-pocket maximums work](#).

### 6 Are you interested in carrier “extras” available at no additional cost to plan members?

- These vary by carrier but may include fitness, gym and weight-loss program discounts, 24/7 nurse advice lines, telemedicine, disease management and care coordination programs, maternity support, mental health resources and more.
- Explore the [carrier preview sites](#) for details.

# California: Medical Plan Coverage

Each insurance carrier in California can choose to offer each medical plan either as an option that offers in- and out-of-network benefits (e.g., a PPO) or an option that offers in-network benefits only (e.g., an HMO).

Review the information below to see which insurance carriers offer out-of-network benefits for the medical plan coverage you're considering:

Insurance Carrier	Bronze	Bronze Plus	Silver	Gold	Gold II	Platinum
<b>Aetna</b>	In- and out-of-network			In- and out-of-network	N/A	In- and out-of-network
<b>Anthem</b>	In-network only			In-network only	N/A	In-network only
<b>Cigna</b>	In- and out-of-network			In- and out-of-network	N/A	In-network only
<b>Health Net</b>	In- and out-of-network			N/A	In-network only	In- and out-of-network
<b>Kaiser Permanente</b>	In-network only			N/A	In-network only	In-network only
<b>UnitedHealthcare</b>	In- and out-of-network			In- and out-of-network	N/A	In- and out-of-network

Insurance carriers can choose to offer either the standard Gold option or a Gold II option—not both.

The Gold II option only offers in-network benefits. The Gold option is offered by Aetna, Anthem, Cigna and UnitedHealthcare. The Gold II option is offered by Health Net and Kaiser Permanente.

## California: Medical Plan Coverage (continued)

The following is a brief summary of the coverage provided by each medical plan for California residents. You can find additional details on the [DXC Benefits Center enrollment portal](#). For the most comprehensive information about any specific coverage, contact the carrier directly.

**IMPORTANT:** You are required to have a primary care physician if you live in Northern California and choose Health Net as your insurance carrier, or if you live in Southern California and choose Health Net as your insurance carrier and Gold II or Platinum as your medical plan.

### Anthem

Anthem does not offer out-of-network coverage in California.

### Health Net

Health Net Bronze Plus and Silver plans vary slightly from the standard plans on the previous page and use a traditional “embedded” deductible and annual out-of-pocket maximum (e.g., if you cover dependents, no covered member will pay more than \$2,800 toward the family deductible). Remember that Health Net does not offer out-of-network coverage in Northern California.

Features	Bronze Plus	Silver

The HMSA Gold and Kaiser Gold options have a traditional deductible. Once a covered family member meets the individual deductible, your insurance will begin paying benefits for that family member. Charges for all other covered family members will continue to count toward the family deductible. Once the family deductible is met, your insurance will pay benefits for all covered family members.

The HMSA Platinum and Kaiser Platinum options don't have an in-network deductible. Keep in mind, though, that as a trade-off for no deductible, the Platinum medical plan is usually more expensive per paycheck.

Please refer to [page 15](#) for additional information on Prescription Drug Coverage.

# Prescription Drug Coverage: Additional Considerations

**TAKE ACTION:** If you or a covered family member regularly takes any prescription medications, explore the [carrier preview site](#) or call the medical insurance carrier before you enroll and tell them you are considering medical coverage offered through the Aon Active Health Exchange. You can also enter information about your prescription drugs into the Help Me Choose tool when you enroll, to help you find the plan that best meets your needs.

Here are some important questions to address:

- 1 Is my drug on the formulary?**

A formulary is a list of generic and brand name drugs that are approved by the Food and Drug Administration (FDA) and are covered under your prescription drug plan. If your drug isn't on a carrier's formulary, you pay more for it.
- 2 How much will my drug cost?**

Your prescription cost depends on how your medication is classified by your insurance carrier—either Tier 1, 2 or 3. The higher the tier, the more you'll pay.
- 3 Will I pay a penalty if I choose a brand name drug?**

Since many brand name drugs are expensive, some medical insurance carriers require you to pay the copay or coinsurance of a higher tier—plus the cost difference between brand name and generic drugs—if you choose a brand name drug when a generic drug is available.
- 4 Is my drug considered “preventive” (covered 100%)?**

The Affordable Care Act requires that certain preventive care drugs be covered at 100% when you fill them in network—but each insurance carrier determines which drugs it considers “preventive.” If a drug isn't on the preventive drug list, you'll have to pay your portion of the cost.
- 5 Will my doctor have to provide more information before my prescription can be approved?**

Many carriers require approval or prior authorization of certain medications before covering them. This may apply for costly medications that have lower-cost alternatives or aren't considered medically necessary.

## Prescription Drug Coverage: Additional Considerations (continued)

### 6 Will I have a step therapy program?

If you switch insurance carriers and this applies to one of your medications, it means that you'll need to try using the most cost-effective version first—usually the generic. A more expensive version will only be covered if the first drug isn't effective in treating your condition.

### 7 Are there any quantity limits for my medication?

Certain drugs have quantity limits—for example, a 30-day supply—to reduce costs and encourage proper use.

### 8 How do I take advantage of mail-order service?

You'll likely need a new 90-day prescription from your doctor. Since mail order can take a few weeks to establish, it's a good idea to ask your doctor for a 30-day prescription to fill at a retail pharmacy in the meantime.

### 9 I'm Medicare eligible—is there other information I need to know?

Yes, read an [important notice](#) to Medicare eligible participants regarding prescription drug coverage and Medicare.

# How Much Will Your Coverage Cost?

With the Aon Active Health Exchange, you can choose the medical plan that's right for you and your family from the insurance carrier offering it at the best price.

**TAKE ACTION:** Before you enroll, check out the [interactive pricing tool](#) to compare the costs of your health care options (ask your recruiter or Human Resources representative for the access code). When you enroll, you can use the Help Me Choose tool to compare your options based on costs as well as your preferred providers, health care needs and prescription drugs.

In addition to the carrier and medical plan that you choose, consider additional factors that can impact how much you pay:

- Your credit amount from DXC (this varies by your salary band, geographic region and whether you choose to cover family members)
- Use of tobacco products (\$20 surcharge per paycheck)
- Covering your spouse/domestic partner in a DXC medical plan if they have access to subsidized coverage through their own employer (\$50 working spouse/domestic partner surcharge per paycheck).

# Health Savings Account (HSA)

An HSA helps you save for the future. Set aside a few dollars from each paycheck now and then have access to funds for health care expenses that come up. The HSA can be used to pay current and future health care expenses with tax-free dollars.

You must enroll in the Bronze, Bronze Plus or Silver medical plans to be eligible. You may also contribute to a Health Flexible Spending Account (HFSA), however your HFSA will be “limited purpose” and can only be used for vision and dental expenses ([see page 27](#)).

## HSA Contributions

- DXC will contribute to your HSA if you participate in various activities under the [Healthy Behaviors Wellness Program](#)—up to \$950 for employee only coverage and up to \$1,500 for all other coverage levels.
- You can also make pre-tax contributions. Factor in the amount of pre-tax contributions you have already made to your HSA with your former employer(s) so that you do not exceed the IRS limit.
- For 2024, the annual IRS contribution limits are \$4,150 for employee only coverage and \$8,300 for all other coverage levels, which includes DXC's contribution and your contributions.\*
- You can change or stop your contributions at any time.

\* If you are age 55 or older, you can contribute up to another \$1,000 in catch-up contributions.

## HSA Features

- Your balance rolls over year-to-year, so you can use it now or save for future health care expenses, even after you retire.
- When your balance reaches \$1,000, you can invest your money in several investment options.
- If you leave DXC, you can take your account with you.
- There is no minimum balance required.

### After You Enroll

- MetLife will verify you are eligible to open an HSA according to the Customer Identification Program (CIP).
- If MetLife is unable to verify your eligibility, they will reach out to you to request additional documentation.

### Using Your HSA

- MetLife will send you two debit cards with your name on them.
- Share one of your debit cards with your spouse/ domestic partner and/or children. They can use the card even though your name is on it.
- Use the card to pay out-of-pocket expenses at the point of purchase.
- If you incur eligible health care expenses prior to having sufficient funds in your HSA, you will be able to pay yourself back for any eligible expenses that you paid with a different payment method.
- Online Bill Pay: Pay health care expenses directly from your account. You can schedule one-time or recurring payments online.

# Dental

DXC offers you four different dental plans to choose from: Bronze, Silver, Gold and Platinum. Each plan option is available through a variety of national and some regional insurance carriers.

We encourage you to discover the key features for each dental plan and then compare the pricing from the different insurance carriers available to decide which one is the best option for you and your family.

Bronze	Silver	Gold	Platinum
A PPO option that covers in- and out-of-network care, but does not cover major restorative care or orthodontic expenses.	A buy-up to the Bronze option that covers in- and out-of-network care, including coverage for major restorative and orthodontic expenses for children.	An enhanced PPO option that covers in- and out-of-network care, including coverage for major restorative services and orthodontic expenses for children and adults.	<p>A dental HMO (DHMO) option that covers in-network care only, including orthodontic expenses for children and adults (not available in some areas)</p> <p>You must choose a primary care dentist to provide or coordinate all of your care. If you receive services from another provider, even one who is in-network, you may be required to pay the full cost of those services. Also, the network in this plan is very limited. Research the Platinum dental provider network carefully <b>before</b> you enroll in this option.</p>

In addition to the carrier and dental plan that you choose, your choice of an in-network provider can impact how much you pay. With most carriers, knowing that your dentist is in the network is a simple way to get the best deal when you need care.

If you choose a Bronze, Silver or Gold option, there are two Delta Dental networks—PPO and Premier. Although the benefits are the same for both, you may have to pay more if your dentist is only a part of the Premier network. You can save more by seeing a Delta Dental dentist who participates in both the PPO and Premier networks or by using any in-network dentist if you choose another insurance carrier on the exchange.

If you choose a Platinum option, the Delta Dental network goes by the name of “DeltaCare.” You need to make sure your dentist is in the DeltaCare network—not just the Delta Dental network.

# Dental Plan Coverage

Following is just a brief summary of the coverage provided by each dental plan. You can find additional details on the [DXC Benefits Center enrollment portal](#). For the most comprehensive information about any specific coverage, [contact the carrier](#) directly.

<sup>2</sup> Vision benefits are for standard progressives. Enhanced progressives may cost more and will vary by insurance carrier.

# Additional Benefits

## Disability Income Protection

Disability Insurance helps replace part of your income, so you can continue to pay your bills and daily living expenses, if you are unable to work due to pregnancy, illness or injury. You have options for Short-Term Disability (STD) coverage and Long-Term Disability (LTD) coverage—both are voluntary benefits. Your cost for coverage depends on the elections you make.

As a new hire, you are defaulted into the STD option with a 30-day waiting period so that you have income protection through this critical coverage. You can change to the STD option with a seven-day waiting period or waive coverage when you make your new hire benefit elections. If you want LTD coverage, you must enroll in that option during your enrollment window.

Short-Term Disability (STD)	Long-Term Disability (LTD)
<ul style="list-style-type: none"><li>• Weekly benefit is equal to 60% of your base salary, up to a maximum weekly benefit of \$3,462.</li><li>• Benefits start after a seven-day or 30-day waiting period, whichever you elect, and continue for up to 26 weeks from your initial date of disability—as long as you remain disabled.</li><li>• Cost of coverage is based on the option you elect (seven-day or 30-day waiting period). You will be able to see the cost for each option when you enroll in your benefits.</li><li>• Since you pay for STD Insurance with after-tax dollars, any benefits you receive are tax-free.</li></ul>	<ul style="list-style-type: none"><li>• LTD Insurance can pick up where your STD coverage ends in the event you become disabled for more than six months.</li><li>• Monthly benefit equal to 60% of your salary, up to a maximum monthly benefit of \$15,000.</li><li>• Benefits start after a 180-day waiting period and continue up to the earlier of your disability ending or the maximum benefit duration based on age.</li><li>• Because you pay for LTD Insurance with after-tax dollars, any benefits you receive are tax-free.</li></ul>

### Consider these factors when evaluating your Disability Insurance needs:

**1 Do not wait to enroll**  
You must enroll now to be eligible for these benefits. You cannot wait to enroll when you need this coverage.

**2 Additional income source(s)**  
If you were unable to work, would other sources of income be available to you, such as sick pay, an individual short-term state disability plan or Social Security? If so, consider whether you would have enough money to pay your ongoing expenses for a period of time.

**3 Evidence of insurability (EOI)**  
If you elect STD or LTD now, coverage is guaranteed. To elect STD or LTD during a future annual enrollment period, you must prove that you are in good physical health. This is called providing Evidence of Insurability (EOI), which is reviewed and approved by the insurance carrier *and is subject to denial*.

# Flexible Spending Accounts (FSAs)

FSAs help pay for qualified health care and dependent care expenses with before-tax dollars. DXC offers the following tax-advantaged FSAs. Once you set your annual contribution, you cannot change that amount during the year (except in the case of certain qualified life events).

Health FSA (HFSA)	Dependent Care FSA (DCFSA)
<ul style="list-style-type: none"><li>• You are eligible if you enroll in a DXC medical plan option for 2024 or waive medical coverage through DXC.</li><li>• You can use the money in your account to pay for eligible out-of-pocket medical, prescription drug, dental and vision expenses.</li><li>• If you enroll in the Bronze, Bronze Plus or Silver medical plan option AND enroll in a 2024 HSA, your HFSA will be “limited purpose” and you can use the money in your account to pay for eligible dental and vision expenses ONLY.</li><li>• The 2024 contribution limit is \$3,050. If the IRS increases the limit, you’ll have the opportunity to increase your contribution up to the new limit amount.</li><li>• Your entire contribution amount is credited to your account and available to use as of your date of hire.</li></ul>	<ul style="list-style-type: none"><li>• Can be used to reimburse yourself for qualified child and adult care expenses (e.g., for child day care expenses or cost of visiting nurse).</li><li>• The 2024 contribution limit is \$5,000 (or \$2,500 if you are married and filing taxes separately).</li><li>• You must have money available in your account to be reimbursed.</li></ul>

# Life Insurance

Life insurance protects your family financially in the event of a death. DXC automatically provides Basic Life Insurance for you free of charge. If you decide your family needs more protection, you can buy Supplemental coverage for yourself and your dependents.

Federal tax law requires you to pay taxes on the cost of company-paid life insurance coverage over \$50,000. This is called “imputed income” and will be added to your gross taxable income. It will be included on your paychecks and on your Form W-2 each year. The amount of imputed income is based on your age and coverage amount.

Basic Life Insurance	Supplemental Life Insurance
<ul style="list-style-type: none"> <li>• DXC pays the full cost.</li> <li>• Equal to one times your base annual earnings, rounded up to the next \$1,000 (up to \$1,000,000).</li> <li>• You can choose a \$50,000 option to avoid imputed income.</li> <li>• Coverage amount is automatically provided as long as you remain eligible for benefits.</li> </ul>	<ul style="list-style-type: none"> <li>• For yourself, you can choose a benefit amount equal to one, two, three, four or five times your base annual earnings. Your total life insurance benefit amount, Basic plus Supplemental, cannot exceed \$1,000,000. Your cost depends on the coverage level elected and the employee’s age.</li> <li>• For your spouse/domestic partner, you can choose coverage equal to \$5,000, \$10,000, \$25,000, \$50,000, \$75,000 or \$100,000. Your cost depends on the coverage amount elected and your spouse/domestic partner’s age.</li> <li>• For your dependent children under age 26, you can choose a benefit equal to \$5,000, \$10,000, \$15,000, \$20,000 or \$25,000. Your cost depends on the coverage amount elected.</li> </ul>

## Consider these factors when evaluating your life insurance needs:

**1 Your family’s needs**  
Life insurance helps to protect your family financially if a covered family member dies. Every situation is different, so consider your family’s life insurance needs carefully.

**2 Guarantee Issue**  
If you elect up to three times BAE employee Supplemental and/or Dependent Life Insurance now, coverage is guaranteed.

**3 Evidence of Insurability (EOI)**  
To buy four or five times BAE employee Supplemental Life Insurance for yourself and/or coverage for your spouse/ domestic partner in the future, you must provide EOI, which is reviewed and approved by the carrier and is subject to denial.

# Accidental Death and Dismemberment (AD&D) Insurance

AD&D Insurance protects you and your family financially in the event of a tragic accident. DXC automatically provides Basic AD&D coverage for you free of charge. If you want more protection, you can elect Supplemental AD&D coverage.

Basic AD&D	Supplemental AD&D
<ul style="list-style-type: none"><li>• DXC pays the full cost.</li><li>• Equal to one times your base annual earnings, rounded up to the next \$1,000 (up to \$1,000,000).</li><li>• Coverage amount is automatically provided as long as you remain eligible for benefits.</li></ul>	<ul style="list-style-type: none"><li>• You can choose a benefit amount equal to one, two, three, four or five times your base annual earnings.</li><li>• Your total AD&amp;D coverage, Basic plus Supplemental, cannot exceed \$1,000,000.</li><li>• Your cost depends on the amount of coverage you elect.</li></ul>

AD&D coverage protects your family financially if you die or suffer a serious injury resulting from an accident. Since AD&D only pays a benefit in the event of an accident, it is not a substitute for Life Insurance.
