DESIGNED FOR YOUR LIFE

2026 Benefits Guide for Luxoft Employees

Annual Enrollment
November 3–17, 2025

It's time to pick your benefits for next year.

GET STARTED

Take Action

Annual Enrollment is always an important time, but it's especially so this year as Luxoft employees transition to DXC benefits in 2026.

You have a few important items to do:

- Read this Benefits Guide carefully so you understand your options. They are very different in several respects, and you have more choices when it comes to medical, dental and vision plans.
- Attend a virtual information session on October 30 or November 5 to learn more.
- Use the Help Me Choose tool in the enrollment platform for recommendations on which plans might fit your situation best.
- Enroll by the deadline. You **MUST** enroll in benefits to have health care coverage for 2026.

Enroll November 3–17

The first step is to register on the [DXC Benefits Center enrollment portal](#). After you've created a username and password, log in and:

- Review your personalized benefits options
- Use the Help Me Choose decision support tool
- Chat with Sofia, your virtual benefits assistant, who can answer questions about your options and share useful information (including the Summary of Benefits and Coverage (SBC) and Summary Plan Descriptions)
- Validate/update your beneficiary information for Life Insurance
- Choose your benefits for 2026

If You Don't Take Action

You will **NOT** have benefits coverage for anything beyond Basic Life and AD&D insurance and Disability insurance if you do not enroll by November 17.

If you would like a Flexible Spending Account (FSA), you must enroll. FSAs do not roll over automatically.

After November 17, you cannot elect or change your benefits until 2027 Annual Enrollment, except for HSA contributions and if you have a qualified life event (such as marriage or birth/adoption).

What's New for 2026

Welcome to DXC benefits! We know there's a lot of new information regarding Annual Enrollment this year, so this page is a great place to get started.

New Enrollment Site

You will enroll on the [DXC Benefits Center enrollment portal](#) for your 2026 benefits. Because this is a new site for Luxoft employees, you will need to register on the site and create a username and password.

Health Care Coverage

DXC uses a benefits marketplace for medical, dental and vision coverage. It gives you flexibility to choose coverage that's right for you and your family, whether it's a high-deductible plan with a Health Savings Account, a PPO or an HMO.

When you enroll, you will select both a plan and an insurance carrier.

Tip: It's a good idea to make sure your doctors are in the carrier network you select to avoid having to change doctors or go out of network and pay more.

This is an illustration. It is not a complete list of carriers, some of which are based on where you live. You will see all the options available to you and their costs in the enrollment platform.

	Choose a Plan	Choose a Carrier
Medical	Bronze Bronze Plus Silver Gold Platinum	Aetna Anthem Cigna UnitedHealthcare
Dental	Bronze Silver Gold Platinum	Aetna Cigna Delta Dental MetLife UnitedHealthcare
Vision	Bronze Silver Gold	EyeMed MetLife UnitedHealthcare VSP

Tip: The Help Me Choose section of the enrollment process can help you select the medical plan that is right for you and family. After you answer 10 voluntary questions about your health care needs and preferences, you'll receive a compatibility score for each of your medical plan options, based on what's most important to you.

More Enrollment Decisions

Besides medical, dental and vision options, you can also:

- Open a Flexible Spending Account
- Contribute to a Health Savings Account if you enroll in a high-deductible health plan
- Purchase Supplemental Life Insurance for you, your spouse or child(ren)
- Enroll in MetLife Legal Plans, Allstate Identity Theft Protection, Whole Life with Long-Term Care Insurance, and/or Health Protection Plans like critical illness insurance and accident insurance

When You're Ready

After you've explored this guide and [myDXCbenefits.com](#), enroll on the [DXC Benefits Center enrollment portal](#).

You MUST enroll by November 17 if you want coverage in 2026.

What to Consider

As you prepare for Annual Enrollment, here are some questions to help you make the **best** choices for you and your family.

1

Are my providers in the carrier's network?

Choose an insurance carrier whose network includes providers (doctors, specialists, hospitals) that can support your care. Seeing out-of-network providers costs you more by having to pay higher billed amounts, a higher deductible and higher coinsurance. Health care providers can leave and join carriers' provider networks at any time.

TAKE ACTION

Take time to discover what makes your carrier unique and make sure they are still the best option for you. Even if you can keep your current insurance carrier, always check the provider networks before making a final decision. Also, always confirm that your providers are in-network when you choose your plans and when you access care throughout the year.

2

What's the best plan for me?

You want to get the right amount of coverage for your needs at the best price. When you enroll on the [DXC Benefits Center enrollment portal](#), you can find resources to help you make the best choices for your needs and cost preferences.

TAKE ACTION

Use the Help Me Choose tool, a step within the online enrollment process, to see which plan option might be a good fit for you and your family. When you enroll, you can also compare your options side by side and see how other people rate their health carriers.

3

What if I have additional questions?

- Review additional materials available on myDXCbenefits.com.
- Call the DXC Benefits Center at **888.305.5499**, 8 a.m. to 5 p.m. ET, Monday through Friday.
- You can also ask Sofia, your digital benefits assistant, questions 24/7.

Medical Plan Coverage: Additional Considerations

1 Who needs to be covered under your medical plan?

- Four different coverage levels are available:
 - Employee Only
 - Employee and Spouse
 - Employee and Child(ren)
 - Employee and Family

2 How much in out-of-pocket expenses can you afford?

- Consider how much you could afford to pay out-of-pocket when you access care.
- If you have the funds to cover your deductible in case of an unexpected illness or injury, then an HDHP option may be a good choice for you.

Do you require out-of-network coverage?

- ## 3
- Out-of-network charges will not count toward your in-network annual deductible and out-of-pocket maximum.
 - The same goes for in-network charges—they will not count toward your out-of-network annual deductible and out-of-pocket maximum.
 - Some insurance carriers in certain states do not cover out-of-network expenses. Be sure you carefully review the Summary of Benefits and Coverage (SBC) available in the Reference Center on the [DXC Benefits Center enrollment portal](#).

4 Do you have out-of-area dependents?

- Regional plans (including Kaiser) generally do not offer in-network coverage outside the plan's usual coverage area, except for emergency situations.
- You may want to choose a national carrier.
- Call the insurance carrier to confirm your options.

5 Do you understand how the deductible works for the plan you are considering?

- Deductibles (and out-of-pocket maximums) work in different ways when you include dependents on your coverage:
 - The Bronze, Gold and Platinum plans have an individual deductible and a “traditional” family deductible. Once a covered family member meets the individual deductible, insurance begins paying benefits for that family member. Once the family deductible is met by any combination of family members, the plan pays benefits for all family members.
 - The Bronze Plus and Silver plans do not have an individual deductible when covering family members. The entire family deductible must be met before your insurance pays benefits for covered family members.
- Learn more about [how deductibles and out-of-pocket maximums work](#).

6 Are you interested in carrier “extras” available at no additional cost to plan members?

- These vary by carrier but may include fitness, gym and weight-loss program discounts, 24/7 nurse advice lines, telemedicine, disease management and care coordination programs, maternity support, mental health resources and more.
- Explore the [carrier preview sites](#) for details.

California: Medical Plan Coverage

Each insurance carrier in California can choose to offer each medical plan either as an option that offers in- and out-of-network benefits (e.g., a PPO) or an option that offers in-network benefits only (e.g., an HMO).

Review the information below to see which insurance carriers offer out-of-network benefits for the medical plan you're considering:

California: Medical Plan Coverage (continued)

Health Net

Health Net Bronze Plus and Silver plans vary slightly from the standard plans on the previous page and use a traditional “embedded” deductible (e.g., if you cover dependents, no covered member will pay more than \$3,400 toward the family deductible). Health Net does not offer out-of-network coverage in Northern California.

In-network:	\$4,500/\$9,000 (\$3,900 embedded)	\$4,250/\$8,500 (\$3,800 embedded)

Prescription Drug Coverage

Your prescription drug coverage depends on the medical plan you choose and your insurance carrier. Each carrier's pharmacy benefit manager has its own rules about how prescriptions are covered. Before choosing a plan and carrier, make sure you're comfortable with the carrier's coverage for prescription drugs you and your covered family members need.

Features	Bronze	Bronze Plus	Silver	Gold	Platinum

Prescription Drug Coverage: Additional Considerations

TAKE ACTION

If you or a covered family member regularly takes any prescription medications, explore the [carrier preview site](#) or call the medical insurance carrier before you enroll and tell them you are considering medical coverage offered through the Aon benefits marketplace. You can also enter information about your prescription drugs into the Help Me Choose tool when you enroll, to help you find the plan that best meets your needs.

1 Is my drug in the formulary?

A formulary is a list of generic and brand name drugs that are approved by the Food and Drug Administration (FDA) and are covered under your prescription drug plan. If your drug isn't on a carrier's formulary, you pay more for it.

2 How much will my drug cost?

Your prescription cost depends on how your medication is classified by your insurance carrier—either Tier 1, 2 or 3. The higher the tier, the more you'll pay.

3 Will I pay a penalty if I choose a brand name drug?

Since many brand name drugs are expensive, some medical carriers require you to pay the copay or coinsurance of a higher tier—plus the cost difference between brand name and generic drugs—if you choose a brand name drug when a generic drug is available.

4 Is my drug considered “preventive” (covered 100%)?

The Affordable Care Act requires that certain preventive care drugs be covered at 100% when you fill them in network—but each insurance carrier determines which drugs it considers “preventive.” If a drug isn't on the preventive drug list, you'll have to pay your portion of the cost.

5 Will my doctor have to provide more information before my prescription can be approved?

Many carriers require approval of certain medications before covering them. This may apply for costly medications that have lower-cost alternatives or aren't considered medically necessary.

6 Will I have a step therapy program?

If you switch insurance carriers and this applies to one of your medications, it means that you'll need to try using the most cost-effective version first—usually the generic. A more expensive version will only be covered if the first drug isn't effective in treating your condition.

7 Are there any quantity limits for my medication?

Certain drugs have quantity limits—for example, a 30-day supply—to reduce costs and encourage proper use.

8 How do I use mail-order service?

You'll likely need a new 90-day prescription from your doctor. Since mail order can take a few weeks to establish, ask your doctor for a 30-day prescription to fill at a retail pharmacy in the meantime.

9 I'm Medicare eligible—is there other information I need to know?

Yes, read an [important notice](#) to Medicare eligible participants regarding prescription drug coverage and Medicare.

How Much Will Your Coverage Cost?

 **TAKE ACTION**

Before you enroll, check out the interactive pricing tool to compare the costs of your health care options — you can find a link and instructions on the [Annual Enrollment page](#) on [myDXCbenefits.com](#) (you'll need the access code, which was provided in the 2026 Annual Enrollment preview email you received in October). When you enroll, you can use the Help Me Choose tool to compare your options based on costs as well as your preferred providers, health care needs and prescription drugs.

With the benefits marketplace, you can choose the medical plan that’s right for you and your family from the insurance carrier offering it at the best price. In addition to the carrier and medical plan that you choose, consider additional factors that can impact how much you pay:

- Your credit amount from DXC (this varies by your salary band, geographic region and whether you choose to cover family members)
- Use of tobacco products (\$21.67 surcharge per paycheck)
- Covering your spouse/domestic partner in a DXC medical plan if they have access to subsidized coverage through their own employer (\$54.17 working spouse/domestic partner surcharge per paycheck).

Pay LESS now and MORE when you need care	• Bronze, Bronze Plus and Silver medical plans cost less per paycheck, but deductibles are higher. • You can enroll in a Health Savings Account (HSA) when you enroll in a Bronze, Bronze Plus or Silver medical plan. • Employees who enroll in a Bronze, Bronze Plus or Silver medical plan may participate in the Healthy Behaviors Wellness Program and earn incentives in the form of company contributions to your HSA.
Pay MORE now and LESS when you need care	• The Gold and Platinum medical plans generally cost more per paycheck, but their deductibles are lower. • If you don't expect to have a lot of health care needs next year, you could be spending money for benefits you don't use.

Health Savings Account (HSA)

An HSA helps you save for the future. Set aside a few dollars from each paycheck now and then have access to funds for health care expenses that come up. The HSA can be used to pay current and future health care expenses with tax-free dollars.

You must enroll in the Bronze, Bronze Plus or Silver medical plans to be eligible. You may also contribute to a Health Flexible Spending Account (HFSA); however, your HFSA will be “limited purpose” and can only be used for vision and dental expenses (see [page 23](#)).

HSA Contributions

- DXC will contribute to your HSA if you participate in various activities under the [Healthy Behaviors Wellness Program](#)—up to \$950 for employee only coverage and up to \$1,500 for all other coverage levels.
- You can also make pre-tax contributions.
- For 2026, the annual IRS contribution limits are \$4,400 for employee only coverage and \$8,750 for all other coverage levels, which includes DXC’s contribution and your contributions.*
- When you elect your HSA contribution during Annual Enrollment, you can set a Total For Year or Total Per Pay Period amount. *If you want to take advantage of DXC’s wellness incentives contribution and maximize your own contributions, set your Total For Year amount at \$3,450 for employee only coverage or \$7,250 for all other coverage levels.**
- You can change or stop your contributions at any time.

HSA Features

- Your balance rolls over year-to-year, so you can use it now or save for future health care expenses, even after you retire.
- When your balance reaches \$1,000, you can invest your money in several investment options.
- If you leave DXC, you can take your account with you.
- There is no minimum balance required.

* If you are age 55 or older, you can contribute up to another \$1,000 in catch-up contributions.

After You Enroll
• If you are a new HSA participant, MetLife will verify you are eligible to open an HSA according to the Customer Identification Program (CIP). • If MetLife is unable to verify your eligibility, they will reach out to you to request additional documentation.
Using Your HSA
• If you are a new HSA participant, MetLife will send you a new Debit Card. • Use the card to pay out-of-pocket expenses at the point of purchase. • If you incur eligible health care expenses prior to having sufficient funds in your HSA, you will be able to pay yourself back for any eligible expenses that you paid with a different payment method. • You can set up online bill pay to pay health care expenses directly from your account. You can schedule one-time or recurring payments online.

Dental

DXC offers you four dental plans to choose from: Bronze, Silver, Gold and Platinum. Each plan option is available through a variety of national and some regional insurance carriers.

We encourage you to discover the key features for each dental plan and then compare the pricing from the insurance carriers available to decide which one is the best option for you and your family.

Bronze	Silver	Gold	Platinum
A PPO option that covers in- and out-of-network care, but does not cover major restorative care or orthodontic expenses.	A buy-up to the Bronze option that covers in- and out-of-network care, including coverage for major restorative and orthodontic expenses for children.	An enhanced PPO option that covers in- and out-of-network care, including coverage for major restorative services and orthodontic expenses for children and adults.	A dental HMO (DHMO) option that covers in-network care only, including orthodontic expenses for children and adults (not available in some areas) You must choose a primary care dentist to provide or coordinate all of your care. If you receive services from another provider, even one who is in-network, you may be required to pay the full cost of those services. Also, the network in this plan is very limited. Research the Platinum dental provider network carefully before you enroll in this option.

Three Key Things to Know

- 1

You will almost always pay less by going to an in-network dentist.
- 2

If you choose the Bronze, Silver or Gold plan with Delta Dental, there are two networks: PPO and Premier. The benefits are the same with both networks, but you may pay more if a provider is in the Premier network.
- 3

If you choose the Platinum plan with Delta Dental, the network is called DeltaCare. It is important that you make sure your dentist is in that network.

Vision

DXC offers you three vision plans to choose from: Bronze, Silver and Gold. Each plan option is available through a variety of insurance carriers.

We encourage you to discover the key features for each vision plan and then compare the pricing from the insurance carriers available to decide which one is the best option for you and your family. Achieve greater savings and get the most out of your vision benefits by using in-network providers.

Bronze	Silver	Gold
An exam-only option that provides in-network discounts for certain materials	A PPO option that covers in- and out-of-network care	An enhanced PPO option that covers in- and out-of-network care

In addition to the carrier and plan option that you choose, how much you pay is based on your total number of dependents—enroll any combination of you, your spouse/domestic partner and your children in the option you choose.

Additional Benefits

Disability Income Protection

Disability insurance helps replace part of your income so you can continue to pay your bills and daily living expenses, if you are unable to work due to pregnancy, illness or injury.

You do not need to enroll in Short-Term Disability or Long-Term Disability coverages. Visit the Luxtown Benefit Page to find details.

Short-Term Disability (STD)	Long-Term Disability (LTD)
• Benefits cover a portion of your weekly earnings, up to a maximum • Benefits begin after 7 days of disability due to accident or sickness • Payments may be reduced if you receive other benefits such as sick pay, workers' compensation, state disability or Social Security • Benefits end after 26 weeks; you either return to work or apply for LTD benefits	• Benefits cover a portion of your monthly earnings, up to a maximum • Benefits begin after STD ends • Payments may be reduced by state, federal or private disability benefits you receive while disabled • Generally, your benefits end when you no longer qualify for disability or you turn 65

Flexible Spending Accounts (FSAs)

FSAs help pay for qualified health care and dependent care expenses with before-tax dollars. DXC offers the following tax-advantaged FSAs. You can elect your FSA contributions during Annual Enrollment. Once you set your annual contribution, you cannot change that amount during the year (except in the case of certain qualified life events).

Health FSA (HFSA)	Dependent Care FSA (DCFSA)
• You are eligible if you enroll in a DXC medical plan option for 2026 or waive medical coverage through DXC. • You can use the money in your account to pay for eligible out-of-pocket medical, prescription drug, dental and vision expenses. • If you enroll in the Bronze, Bronze Plus or Silver medical plan option AND enroll in a 2026 HSA, your HFSA will be “limited purpose” and you can use the money in your account to pay for eligible dental and vision expenses ONLY. • The 2026 contribution limit is \$3,400. The maximum amount you can roll over from 2026 to 2027 will be \$680. • Your entire contribution amount is credited to your account and available to use January 1, 2026. Under IRS rules, \$660 of unused funds can be carried over from 2025 to 2026 but any additional unused funds are forfeited.	• Can be used to reimburse yourself for qualified child and adult care expenses (e.g., for child day care expenses or cost of visiting nurse). • The 2026 contribution limit is \$7,500 (or \$3,750 if you are married and filing taxes separately). • You must have money available in your account to be reimbursed. Under IRS rules, unused 2025 funds are forfeited—there is no carryover into 2026.

Life Insurance

Life insurance protects your family financially in the event of a death. DXC automatically provides Basic Life Insurance for you free of charge. If you decide your family needs more protection, you can buy supplemental coverage for yourself and your dependents.

Federal tax law requires you to pay taxes on the cost of company-paid life insurance coverage over \$50,000. This is called “imputed income” and will be added to your gross taxable income. It will be included on your paychecks and on your Form W-2 each year. The amount of imputed income is based on your age and coverage amount. To avoid imputed income, you can elect to limit your Basic Life Insurance benefit to \$50,000 during Annual Enrollment.

Basic Life Insurance	Supplemental Life Insurance
• DXC pays the full cost. • Equal to one times your base annual earnings, rounded up to the next \$1,000 (up to \$1,000,000). • You can choose a \$50,000 option to avoid imputed income. • Coverage amount is automatically provided as long as you remain eligible for benefits.	• For yourself, you can choose a benefit amount equal to one, two, three, four or five times your base annual earnings. Your total life insurance benefit amount, Basic plus Supplemental, cannot exceed \$1,000,000. Your cost depends on the coverage level elected and the employee’s age. • For your spouse/domestic partner, you can choose coverage equal to \$5,000, \$10,000, \$25,000, \$50,000, \$75,000 or \$100,000. Your cost depends on the coverage amount elected and your spouse/domestic partner’s age. • For your dependent children under age 26, you can choose a benefit equal to \$5,000, \$10,000, \$15,000, \$20,000 or \$25,000. Your cost depends on the coverage amount elected.

Consider these factors when evaluating your life insurance needs:

1 Your family’s needs
Life insurance helps to protect your family financially if a covered family member dies. Every situation is different, so consider your family’s life insurance needs carefully.

2 Evidence of Insurability (EOI)
To buy Supplemental Life Insurance for yourself and/or your spouse/domestic partner, you must prove that you and/or your spouse/domestic partner are in good physical health. This is called providing Evidence of Insurability (EOI), which is reviewed and approved by the insurance carrier and is subject to denial.

Accidental Death and Dismemberment (AD&D) Insurance

AD&D Insurance protects you and your family financially in the event of a tragic accident. DXC automatically provides basic AD&D coverage for you free of charge. If you want more protection, you can elect supplemental AD&D coverage.

Basic AD&D	Supplemental AD&D
• DXC pays the full cost. • Equal to one times your base annual earnings, rounded up to the next \$1,000 (up to \$1,000,000). • Coverage amount is automatically provided as long as you remain eligible for benefits.	• You can choose a benefit amount equal to one, two, three, four or five times your base annual earnings. • Your total AD&D coverage, Basic plus Supplemental, cannot exceed \$1,000,000. • Your cost depends on the amount of coverage you elect.

AD&D coverage protects your family financially if you die or suffer a serious injury resulting from an accident. Since AD&D only pays a benefit in the event of an accident, it is not a substitute for Life Insurance.
